6. The College curriculum is delivered in accordance with the Christian Foundations of the College (as expressed in the College's statement of faith, which is available on request). The Caregivers accept that Flinders Christian Community College is a Christian College and education at the College will be presented from a Christian perspective and include the study of the Christian faith and the Gospel message in action.
7. The College is committed to the Core Values as set out in the Parent Handbook as provided and updated from time to time (and all College policies). For the College to reflect these values, it will require the partnership of all families.
8. The Caregivers understand that the use of technology, including computers, internet and other digital devices, is an important aspect of learning at Flinders Christian Community College. Your student has a responsibility to use technology (both College and personal) in a manner that does not contravene the standards and expectations of our Behaviour Management Policy. As the Caregivers, you agree to proactively support the College's Acceptable Use of Technology Policy that is located in the Parent Handbook.
10. The College requires Caregivers to provide full details of any significant learning/behavioural needs during the application process, this includes special needs, learning requirements, medical conditions and advice as to whether the student speaks English as a second language. Disclosure of this information assists us in preparing for the students entry to the College and discussing with Caregivers what steps need to be taken in relation to the prospective entry.
